TO THE CUSTOMERS OF HIGGINS & SEITER

This Catalogue is issued by what is to-day the largest and most successful retail Glass and China House in the United States—and probably in the world.

We have never made this claim in our Catalogue before, because we never have and never shall, knowingly, make a business assertion that we do not believe to be strictly true; and it was not till the addition of our new six-story building to the three stores already occupied by us, the concentration in one establishment of our facilities for the special ornamentation of Glass and China, and the re-arrangement and enlargement of all our departments, together with the increase of business that so quickly followed this new development, that we felt justified, as we now do, in claiming to be the first house of the kind in the United States.

Of this there is no longer any doubt; and from executive offices to shipping department, every feature is pronounced a model of its kind. Nothing suggested by the perfection of methods in modern retailing has been omitted. Everything concerning an order, from reception to fulfillment, is subject to a system that leaves little room for mistakes, and such as do occur are readily traced and promptly rectified.

With larger quarters and handsomer surroundings have come broader lines, finer artistic effects, and special effort to please the most cultivated tastes. And while all the worthy grades of merchandise common to our business are better represented than ever before, including those of very moderate cost—we have never hitherto

shown anything like as many goods that are really Works of Art, and it is a matter of sincere regret that every one to whom this Catalogue is sent cannot, by a personal visit to our establishment, obtain an idea of the extent and beauty of its contents, which is otherwise quite impossible.

Our Plate department alone is worth coming a long ways to see. There is nothing like it in the Old World or the New. It is the talk, not only of customers, but of the trade in general. And the same thing may be said substantially, of our Dinner Ware, Cut Glass, Glass Sets, Toilet Ware, Bric-à-brac, Cameos, Clocks, etc.—altogether a carefully selected, constantly changing, always interesting and nowhere-to-be-equaled collection of the latest and most modish Glass and China, at prices at least One-Fourth less than elsewhere—often lower still.

From its modest start twelve years ago in the little basement on 22d street to its present proud position this store has been dominated in its management by One Belief, One Purpose, One Policy.

Its One Belief—That the American people, in city and country, wanted Glass and China, and would buy it largely when they could buy it Right.

Its One Purpose—To so purchase from the manufacturers, and so regulate the expenses and profits of the business that customers would discover that to buy Right was to buy Here.

Its One Policy—To deal justly and courteously with all men, and especially with all women—tell the truth, and sell Glass and China.

"One-Quarter Less than Elsewhere"

Its belief has been justified—its purpose fulfilled—its policy maintained. The result has been a success which, gratifying as it is, only inspires us with ambition to make it greater. Thankful as we are to customers all over the United States for their kind words, to which we owe so much, the best way we can think of to show that we appreciate them is to deal with still greater liberality, give more for the money and in other ways make it more for the interest, especially of persons living at a distance, to buy their Glass and China of the greatest concern of the kind in the United States.

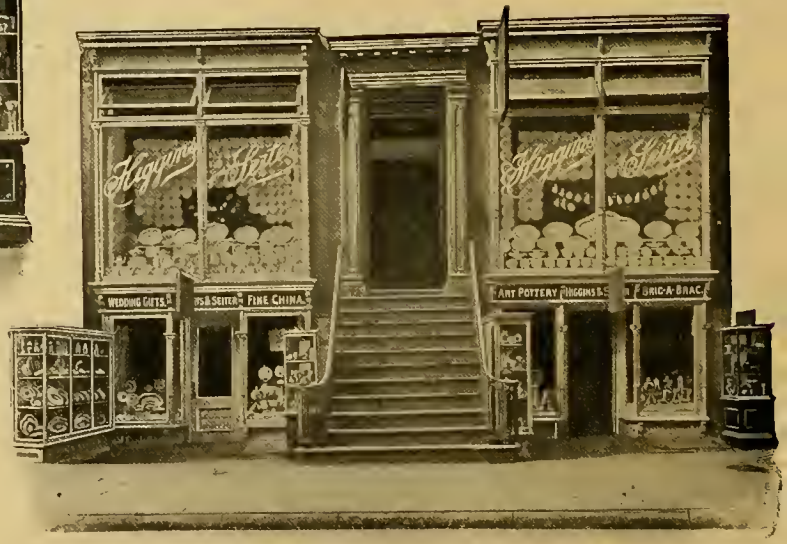
Where we started in 1887.

BUSINESS ADDRESS

51, 53, 55 West 21st Street
50, 52, 54 West 22d Street

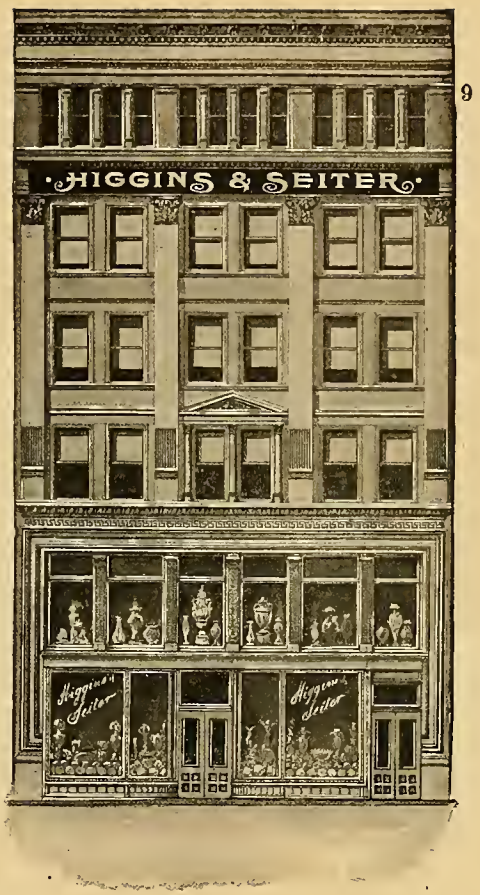
(Entrance from Carriages at 21st St.)

NEW YORK



In a few years two stores were required.

Continuous growth. Additional six-story building on 22d Street found necessary in 1896.



The new building on 21st St. made necessary by constantly increasing business. Completed in 1901. Connecting with original stores on 22d St.

THE ADVANTAGES WE OFFER

The advantages of ordering from this establishment in preference to buying from local and necessarily much smaller stocks, are many. In the first place, it is all important for us that our out-of-town customers—those whom we never see, and whom we can keep only by satisfying them in every particular, should be well treated. Our one hold upon them is the goods we sell, and the prices at which we sell them. We advertise extensively and expensively to obtain these customers; we send them free of charge this costly Catalogue. If the result were not something more than a single trial order—if we did not in this way build up a substantial, lasting business, spreading from neighbor to neighbor, and as we hope, extending from generation to generation, it would not pay; so that the fact that our mail order trade is one of the largest factors in our success is positive proof that we satisfy our customers. And why not?

Their orders are filled from the largest and most attractive stock of Glass and China ever brought together.

They are sure of getting the latest and most fashionable designs—of having their purchases carefully packed, and safely and promptly delivered.

With perfect willingness on our part, in case anything is not as represented, or in any other way not satisfactory, to refund the money on receipt of the goods, uninjured.

Whenever any part of the order is left optional with us they get the advantage of the best judgment in such matters.

Should prices change, after the issue of the Catalogue, in favor of the buyer, the distant customer receives the advantage as if he were present.

And every time, and always, prices are at least one-quarter less than elsewhere.

WHAT IS MEANT BY "¼ LESS THAN ELSEWHERE"

For many years the words, "¼ less than elsewhere," have been our business slogan, till the phrase has become identified with the firm to such an extent that to thousands of persons the words instantly suggest "Higgins & Seiter," and *vice versa.*

But they are not simply an alluring catch-phrase—they mean exactly what they say: Our prices ARE, on an average, AT LEAST ONE-FOURTH LESS THAN THOSE ASKED FOR SIMILAR GOODS IN OTHER PLACES. We do not say that at bankrupt sales, public auctions, and sometimes on bargain counters, or for some special reason, goods are not occasionally sold in odd lots, for less than 25 per cent. above our scheduled prices; but what we DO say is, that our regular basic line of everyday, and all-the-time prices is ¼ less than elsewhere. Often we go far below that, so that the average holds good; while the "¼ less than elsewhere" is something to be depended upon, and by none with more certainty than by our customers at a distance.

A WORD OR TWO ABOUT CUT GLASS

The universally acknowledged supremacy of American Cut Glass nowhere finds better or more striking illustration than in the department devoted to this beautiful product. For many years Higgins & Seiter have championed the "hand" Cut Glass as the only kind worthy to be classed as artistic, and the magnificence of their exhibit, challenging the criticism of the most fastidious of connoisseurs, is proof that all they have maintained for the real article is strictly true.

There is nothing, even in the precious metals, that is equal in spectacular effect, for the table, to rich, sparkling Cut Glass, and every lover of the beautiful will willingly admit that the days and sometimes weeks of the artisan spent in bringing a single piece to its high state of perfection, are well and worthily employed.

The cost of Cut Glass depends almost entirely upon the amount of work called for by the pattern; but simple or ornate, the Higgins & Seiter prices can be relied upon as being always at least "¼ less than elsewhere."

A sectional view in Cut Glass Department.

THE CARE OF CUT GLASS

An authority says that glassware will last longer and look better if the following hints as to its care and preservation are regarded. Tepid water, the best Castile or other pure soap, and a stiff brush are the first essentials. After washing and rinsing place the cut glass in boxwood sawdust. This will absorb the moisture in the cutting. Next remove the sawdust from the plain surfaces with a soft cloth. By following these directions the original clearness and sparkle of the glass will be maintained.

Shot should not be used in carafes, cruets, toilet and similar articles. It is very apt to scratch the glass, and thus mar its beauty. Prosaic potato peelings are the best aids. Let them remain in the glassware over night, and then rinse out with a little tepid water.

A very important point is to avoid sudden changes from extreme heat to extreme cold, and vice versa. A pitcher or tumbler which has been filled with ice water, a tray that has been used for ice cream, if plunged at once into hot water will be apt to crack. Use tepid water, and the risk of breakage is avoided.

The sudden change from heat to cold is just as dangerous. Glassware should never be removed from a closed cabinet where it has become heated, and brought immediately into contact with a cold substance. Cool the glass for a time in water before subjecting it to the extreme temperature.

RICH CUT GLASS

We sell only the finest quality of Rich Cut Glass, and guarantee every piece as represented

Goblet showing Three-Letter Monogram Cut and Gilded

SPECIAL ORNAMENTATION OF GLASS AND CHINA

No part of our business has been more successful, or more steadily progressive towards the best results, than the ornamentation of Glass and China from special designs more or less elaborate. The desire to individualize one's possessions—to have something different from any one else—is natural: and the fancy for marking Glass and China with a monogram, crest, motto, coat of arms, club device, yacht insignia, or characteristic design of some kind is becoming very general. The more artistically this is done, of course, the greater its value, and the higher it is prized. So many orders of this kind have come to us of late, that in planning our new building

SPECIAL ORNAMENTATION OF GLASS AND CHINA—Continued

we arranged for the most complete studio, and firing and enamelling plant in the country, and this is now in full operation, with the most competent artists in the profession exclusively employed by us. Much of the work is done in color appropriate to the individual order. We furnish designs, work out suggestions, or match pieces already in existence. For Gifts, Glass or China so marked in accordance with the taste of the recipient, is as graceful a remembrance as can well be imagined. We solicit correspondence.

THE FAVORITE STORE FOR GIFTS

Higgins & Seiter's has long been the favorite store of the Metropolis for buying Gifts—growing more and more so as the stock has increased in richness and variety. During the Christmas and Easter seasons especially, the various departments are always thronged with buyers, their carriages frequently lining two streets for long distances. The recent enlargement of the store, giving additional room for the display of elaborate and costly Works of Art, is already emphasizing this feature of the business, of which it is probable we have seen only the beginning. But we are not likely for one moment to lose sight of the requirements of those whose expressions of affection and esteem are necessarily limited in cost ; and to us it is one of the pleasantest of reflections that nowhere else in the world can so much of a Present be bought with the expenditure of so little money as here. The articles appropriate for Holiday, Anniversary, and especially for Wedding Gifts, are numbered by the thousand. In ordering it is hardly possible to make a mistake, all are so artistic, all are genuine, and all are fit. For instance, presents of American Cut Glass — the rarest jewels are no handsomer, or more perfect in their way, and the display possible for a few dollars is simply dazzling.

These goods, like many others, come, if so ordered, in extremely tasteful, well-made cases, adding much to their attractiveness as gifts. For Wedding presents the popularity of China, in complete or partial sets, is too well understood to be dwelt on, while the Bric-a-brac, Pottery, Plaques, Hall Clocks, Den Novelties, Statuettes, etc., herewith catalogued, almost without exception make such presents as would be highly prized.

It should be remembered that in ordering a Gift from this establishment the immense and constantly changing variety makes duplication quite improbable; but if this should happen, or for any other reason exchange is desirable, it will be made as cheerfully as was the original sale.

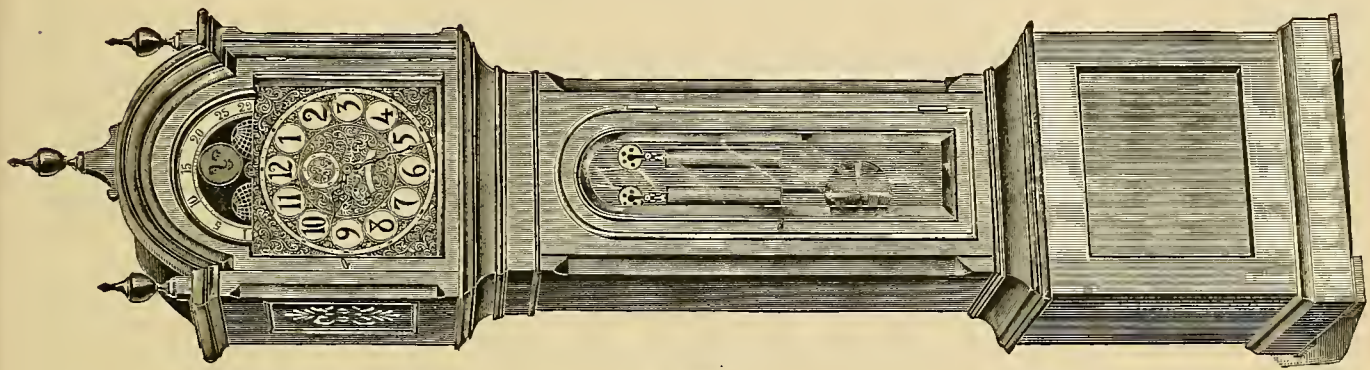
THE HIGGINS & SEITER HALL CLOCKS

Our trade in Hall Clocks continues to increase, as the knowledge of what we are doing in this line advances. Until within a few years the manufacture of high-grade clocks of this variety has been practically confined to firms whose reputation for jewels, works of art, etc., enabled them to realize large profits upon anything with which their names were connected.

To-day a Higgins & Seiter Hall Clock commands as much respect among connoisseurs as any in the market—although the price is much less than has ever been asked before for the same superb quality. We furnish clocks to order, or otherwise, in any style, wood, finish or order of architecture; supplying the most melodious of chimes, or the most impressive of cathedral gongs, and guaranteeing the perfect reliability of the works—some of which are very intricate and ingenious. As the styles of cases are constantly changing and new ones are being added, we illustrate one only and would be very glad to send photographs of others with full particulars. We solicit correspondence.



No. 6887

Hall Clock

7 ft. 10 in. high, 21½ in. wide, 15½ in. deep. Fitted with eight-day movement.

Strike hour and half hour on 5 in. gong.

Has brass dial. Numerals are all engraved and filled in with black enamel upon silvered circle. Corners are etched and finished in gilt. The moon wheel shows marine view and landscape. Has brass pulleys and brass weights. Can be had in Mahogany or Oak finish.

Price $95 00

Fancy Basket. No. 21002

3⅝ inch opening, 7½ inches high,
Price, each $2 00

For Actual Colors see Colored Insert I, following page 172

SERVING A DINNER

MESSRS. HIGGINS & SEITER have issued an illustrated brochure, giving full directions in relation to serving a dinner of ten courses. The manuscript has been carefully edited by "Oscar," the well-known chef of the Waldorf-Astoria, and the little book has already taken its place as an authority upon this interesting subject.

The price is Fifty Cents, and it is really worth more money; but the publishers have reserved a certain number of copies, which they will send with their compliments to such customers as may apply for them before supply is exhausted.

The entire third floor of the 21st Street building is devoted to the business offices.

INFORMATION FOR ORDERING GOODS, TERMS, Etc.

Be sure to write your name legibly.

Be sure to state distinctly amount of money sent.

Do not mutilate catalogue by cutting out illustrations, as you will be perfectly understood by giving number and page only.

State how you want your goods forwarded; whether by express or freight.

State if we can substitute in case any selection has been sold.

HOW TO FORWARD MONEY

Remittance should be made by draft, certified check, post office or express money order, payable to Higgins & Seiter, New York City, or, if more convenient, by money or postal note, registered.

TERMS

All orders of $5 or less must be accompanied by remittance in full. Orders amounting to more than $5 can be sent by express C. O. D. (and return money charges), but must be accompanied by a deposit of one-fifth the amount of purchase, which will be deducted from bill accompanying goods.

All prices in the catalogue are absolutely net and subject to no discount whatever, except the open stock price lists, which is fully explained in the dinnerware section.

C. O. D.

Goods cannot be sent on approval, or C. O. D. subject to inspection, as the express companies refuse to accept goods in this manner, and we warrant all goods as represented.

EXCHANGING GOODS

We will exchange any goods that are not satisfactory, providing return charges on goods are prepaid.

SHIPPING GOODS

All purchases will be delivered free within 100 miles of New York City.

On all purchases of $10.00 or over (except those sent C. O. D.) freight will be paid to the nearest railroad station in the following States: Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, Pennsylvania, Delaware, New Jersey, Maryland, Virginia, North Carolina, South Carolina, Ohio, Indiana, Michigan, Illinois.

On all purchases of $25.00 or over (except those sent C. O. D.) freight will be fully prepaid to the nearest railroad station in all States east of the Mississippi River.

On all orders not less than $10.00 (except those sent C. O. D.) for points west of the Mississippi River freight will be prepaid as far west as Chicago, Ill., or St. Louis, Mo.

We prepay freight (not express).

REFUNDING OF BALANCES

When a balance is due after filling an order, it will be returned at once with a bill of items.

PACKING OF GOODS

We make no charge for packing, and guarantee safe delivery. Any claims should be made at once.

SPECIAL NOTICE

Our mail order department is under the personal supervision of a member of the firm, and orders intrusted to us will receive the same attention as though you were here in person.

SENDING GOODS BY MAIL

Packages which, when packed ready for shipping, do not weigh to exceed 4 pounds, can be sent by mail at the rate of 1 cent per ounce, and can be insured for 5 cents per package.

SATISFACTION GUARANTEED
